

TCM Forklift Part

TCM Forklift Parts - Forklift trucks are an important player in the material handling field of every global trade. Transporting industrial goods happens every day on our busy planet. Originally innovated as industrial vehicles in the 1930s in America, forklifts gained popularity following World War II during the 1940s. Becoming a reliable and efficient means to material handling solutions, the practicality and need of these machines spread worldwide.

In the year 1949, established by Mr. N. Niwa, the original Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was recognized. Now the company is simply known as TCM Corporation. Through the years, TCM forklifts have become an international leader in forklift manufacturing and have built a solid reputation in the industry. TCM started building forklift manufacturing locations outside of Japan during the 1980s and is currently engaged in lift truck manufacturer at three foreign factories in the United States, Europe and China.

TCM proudly manufactures many models of industrial lift trucks with more than 50 years of accumulated expertise and technology, making their products recognized and used all over the world. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and aspires to become a world-class leading business.
